: Letter to MOSTRIL

REF: NJA-A-627

1. We are forwarding herewith (under separate cover) two copies of MOSTRIL's translation of the letter described in Ref, along with the envelope in which the letter came.
2. We are numbering the paragraphs of the letter in red pencil for the sake of convenient reference.
3. The obvious discrepancy in dates in Para 2 is inexplicable, but MOSTRIL assures us the translation is accurate.
4. The persons named in Para 10 are known to MOSTRIL and he regards them as being definitely anti-Communist. He is almost positive that the first (No. 1) is working for the British and suspects that the second (No. 2) may also be working for them.
5. MOSTRIL considers the request in Para 11 to be in the nature of a "very leading question" although, as he says, it all depends on the motives of the writer as to how significant the request is.
6. On our instructions, MOSTRIL has replied to the letter indicating that he accepts the bona fides and is not writing to the two individuals listed as references. MOSTRIL is not going to write to the two persons but he is going to write to his committee in Munich advising the Committee of the letter and requesting information concerning the author and his organization.
7. In view of DIR-29124 we have not used the "REASON" indicator on this dispatch but perhaps this specific matter is of concern to them.
